

SPRING INTO *Sage*

SPLENDOUR OF SPRING

Winter is fading, the air is warming.

*The songs of new beginnings echoes through the breeze,
life springs forth From the ground, green tips shooting up towards the radiant sun,
as the earth warms beneath our feet,
the glory of the creation is seen shining in the midday sun,
happiness, joy and peace fill our hearts as we see the love of the Father shining
upon our faces.*

Spoil yourself with the best of spring, luxurious ingredients, cooked to perfection,
brought to you with genuine hospitality through the month of September.
